

GREENCARE RUST

Powerful acid free Rust Remover

DESCRIPTION

Greencare Rust is part of Marine Care's green line introduced into the maritime industry to invest in greener and cleaner seas. Greencare Rust Remover is a non acid and non corrosive cleaner used to remove rust and rust stains from any metal and non-metal surfaces the same way a conventional phosphoric acid based cleaner would do. However Greencare Rust comes with a triple zero HMIS score. This makes Greencare Rust safe on your skin, safe for your equipment and is even safe to store anywhere.

ADVANTAGE

Greencare Rust Remover does not contain acids, is non-corrosive, not regulated and readily biodegradable per OECD 301D. Any rust removing that once required the use of dangerous acids can now be done in a safe and green manner.

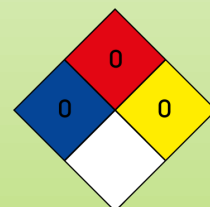

APPLICATION

Greencare Rust Remover, can safely be used to remove rust or rust stains. The product can be used on any materials or coatings.

DIRECTIONS FOR USE

Greencare Rust Remover is commonly applied on the surface by a brush or by spraying. The solution can range from 10 - 50 % and is left to react for 15 - 20 minutes, after which the cleaned items are rinsed off with water and a brush. Small parts can be soaked in a prepared solution.

- Acid free
- Safe on skin
- Non corrosive
- 100% bio-degradable
- Not regulated for storage & transport
- Approved by:
 - > Marinfloc
 - > IMO
