

CARETECH DISCHARGE KIT 31/2

For rapid discharge of rinse water from holds to head heights > 30 meter.

FEATURES:

- Epoxy Cable Sealing Base Unique “Epoxy Cable Sealing Base” to ensure 100% capability to block the water vapor into the motor from outside.
- Impeller: Hydrodynamically well-balanced bronze made closed type impeller for maximum performance to assure vibrationless and durable operation.
- Triplex Seal System: Oil-bathed Double mechanical seal (Ceramic/Carbon) plus separate oil seal ensures a longer pump life.
- Compact and Light-Weight: Designed to be light, so easy to carry and handle.
- Quiet: The dynamic balance adjuster enables the pump to run balanced with less noise in addition to underwater operation.
- Economical: Adopted turbine flow design and two poles motors, if you get high head and capacity, then save one-third energy as compared with other brand pumps.

TECHNICAL DATA:

Voltage:	440V/60Hz
Power:	1.5kW
Phase:	3
Discharge dia:	50mm (2")
Max head:	31 mtr
Max flow:	0.43 m3/min (25,8 m3/h)
Solid passage:	6 mm dia
Pump weight:	26 kg
Pump height:	410mm
Pump dia:	355mm
Hose and cable weight:	14 kg
Box dimensions:	500 x 500 x 500 mm

- Robust design
- Head height up to 31 meter
- Including 50 m discharge hose and 50 m electric cable
- Plug and play
