

MARINE CARE AMERICAS LLC.

Per 2022, UniAm is a part of the Marine Care Group under her new name; **Marine Care Americas.**

YOUR BENEFITS AS A FORMER UNIAM CUSTOMER:

Marine Care Americas provides instant accessibility to a network with offices in Rotterdam, Singapore, Miami, and Bergen + 90 global stock points.

You will benefit from a wider product and equipment portfolio, including:

- Innovative tank cleaning products, such as Careclean Xcellerate VO and Eco-Solve.
- Hold cleaning equipment range, including high pressure washers and chemical application kit.

Last but not least you now have exclusive access to the Marine Care FleetCare support, including remote/onboard cleaning support and our Tank Wash Simulation Unit.

NEW PRODUCT (NAMES)

To learn about our new product names, please see the equivalent list on the next page.

To benefit from this renewed offering or in case of further questions, please contact your regular contact persons at their existing telephone numbers, or via their new email addresses.

REMARKS FOR USE

The use of most Marine Care products is **identical** to the former UniAm products. However, there are exceptions:

15. Highly concentrated cleaner for vegetable and mineral oil cargoes (such as UCO).

16. Highly concentrated cleaner for mineral oil cargoes (such as DPP to CPP).

17. One Phase cleaner for palm oil based cargoes (such as PFAD).

18. Intermediate coating for holds, can be removed with water/high pressure cleaner.

19. Intermediate coating for holds, can be removed with an alkaline cleaner/high pressure cleaner.

39. See PDS.

42. See PDS.

58-60. See PDS.

64. Consult Marine Care.

74. See PDS.
